

Picking Up Where Others Leave Off

ePicker helps find the right solution to improve employee productivity, increase safety and provide rugged yet agile vehicles that get the job done, every time.

THE PICKING SOLUTION FOR ALL INDUSTRIES

Ideal for all industries, these are a just a few select applications leveraging ePicker's elite picking solutions:

eCommerce

When time is of the essence and overnight delivery is promised, ePicker has a solution to keep orders moving as fast as checking out a shopping cart with your favorite retailer online.

Convenience Store

Convenience is key when ensuring fast-moving stock is there when it's needed. ePicker vehicles are great in tight spaces and help keep employees productive when time is of the essence.

Warehouses

Warehouse operations can be diverse and demanding. Whether picking small items or moving larger inventory, ePicker's solutions will keep things running smoothly.

Retail

When shelves need to be restocked, and not a lot of time to do so, there is a tool within the ePicker fleet that can get the job done.

Manufacturing

Manufacturing can take a lot of coordination, and moving products from one place to another is imperative when ensuring the process runs smoothly. ePicker can answer the call with its material handling solutions that keep manufacturing operations on track.

Delivery Fleet

Deliver more of your products with our products. Whether on your truck or on your dock, ePicker material handling solutions helps keep deliveries moving quickly and efficiently.

EPICKER PRODUCTS

In today's fast-paced, global eCommerce environment, ePicker has a solution for every scenario.

Pallet Jacks

Whether picking small items or maneuvering between narrow aisles, ePicker's solutions maximize efficiency and provide added safety to employees.

MODEL EPT12L
Lithium Pallet Jack
CAPACITY: 2600 LBS

MODEL EPT15
Electric Pallet Jack
CAPACITY: 3000 LBS.

MODEL EPT20L
Lithium Pallet Truck
CAPACITY: 4000 LBS.

MODEL EPT16
Lithium Pallet Jack
CAPACITY: 3300 LBS

MODEL RPT22L
Lithium Rider Pallet Jack
CAPACITY: 4400 LBS.

Stackers

MODEL ES10-62R
Forkover Stacker
CAPACITY 2200 LBS.

ES10-62/96/116/ES15-128
Walkie Straddle Stacker
CAPACITY: 2200- 3000 LBS.

MODEL JX0-118
Electric Access Vehicle
HEIGHT UP TO 16'

MODEL JX1-126 / 162 / 192
Task Support Vehicle
HEIGHT UP TO 22'

MODEL ESP15-157/177
Performance Straddle Stacker
CAPACITY 3000 LBS.

MODEL ESP20-177
Performance Straddle Stacker
CAPACITY: 4000 LBS.

Work Assist Vehicles

Lithium Forklifts

MODEL JX1HD-162 / 210
Super Task Support Vehicle
HEIGHT UP TO 24'

MODEL JX2-72
Low Level Order Picker
HEIGHT UP TO 12'

MODEL JX2-126 / 144
Mid Level Order Picker
HEIGHT UP TO 18'

MODEL EFLX18
Lithium Electric Forklift
CAPACITY 3700 LBS.

MODEL EFLP25
Lithium Pneumatic Forklift
CAPACITY 5000 LBS.

MODEL EFLP30
Lithium Pneumatic Forklift
CAPACITY 6000 LBS.

LITHIUM ION TECHNOLOGY

ePicker offers Lithium-Ion batteries and chargers as stand alone products that can be dropped into most major makes and models of forklifts.

4,000 Cycle service life

Return on investment

Maintenance free

Fast charging

Cold storage application

Safe and reliable

Active load balancing

Energy density

MODEL DSC4282

Lithium Battery
205AH 24V

Benefits include:

- Superior performance
- Battery life has up to 4000 cycles and beyond
- Fast charge completes in about two hours
- Does not deplete battery "memory"
- Consistent performance regardless of charge level
- Single battery operation

Efficiency:

- Eliminates the need for battery changes at each shift
- Eliminates the need for battery watering

Lower cost of ownership:

- No daily maintenance
- Saves space with no battery room required
- Allows for smaller vehicles, maximizing warehouse space
- Less wear on components

Sustainability:

- Eliminates hazardous fumes or acid spills, making it more environmentally friendly
- Lower carbon footprint
- Increased recyclability

Want to schedule a demo?
Have questions?
We look forward to speaking with you!

We're passionate about finding the right solutions for your operation. If you would like to schedule a product demo, have questions and need more information, or would like to place an order give us a a call today.
